

Decoy committee: June 2011

*Topics of discussion :*

A. There has been some discussion about trying to increase our decoy pool.

1. Trying to have decoy certification/re-certification camps/seminars. These could be hosted by clubs and do not have to

be connected to a trial.

2. There has also been some discussion to have more incentives for decoys to obtain their level 2 status. There are several

ideas that have been brought up and will be discussed at future decoy committee meetings.

B. Updating the test has been a topic that many decoys have brought to my attention.

1. Changing the level 2 test. -Incorporating more scenario questions on the test.

2. Keeping the level 1 test the same.

C. If there are any additional ideas or questions that USMRA has, you can email me and the decoy committee so we can address

any questions you might have. Decoy committee, chair

Chris Moody 806-683-8346
