➤ **Discuss requirement of medical releases for members that have active insurance claim with USMRA from injury at a sanctioned event in order to participate in a sanctioned USMRA event.**

It was moved by Michon, second by Gail to require a physician's medical release prior to participating in a USMRA sanctioned event if the injured member has a filed insurance claim with USMRA. If an injured member does not provide USMRA with a medical release, the member will not be allowed to participate in any USMRA sanctioned events until such release is presented to USMRA. Once a release is obtained, there will be no further claims submitted to the insurance company for that injury. The motion carried unanimously.
